OBJECTIVE
I learn and work with passion. I am always interested in learning new technologies.I want to work in an organization that provides me with ample opportunities to enhance my skills and knowledge along with contributing to the growth of the organization and I prefer teamwork.

SKILLS
- **Comfortable** : HTML , CSS, SASS, Bootstrap, JavaScript, TypeScript, ReactJS, NextJS, Redux, Redux Toolkit,NodeJS , ExpressJS , MongoDB, Strapi.
- **Familiar** : React native, Google Map, MySQL.
- **Tools** : VS Code, Chrome Dev Tool, GitHub, Firebase.

PROJECTS
1.KSC Result Publisher||Academic result publishing web app||Live link || Front-end code|| Backend code .
- I created this website including Home, FAQ's, Contact , Admin Page . The home page has Navbar, A real stick Footer .
- Users can search results,filter results and download PDF result sheets.Admin can publish result filling forms.
- Results are generated according to the standard academic grading system of Bangladesh.
- Used Technologies : HTML,CSS(SASS) ,React.js, Redux Toolkit,Expressjs ,MongoDB(Mongoose)

2. Educrat Next || LMS Nextjs Template || Live link.
- I created this template including Home, Courses and details, Events and details, Blogs and details, Shop and details,Carts and checkouts, Dashboard, About, Contact page etc.
- Users can buy courses,events and read blogs.They can filter and sort courses.
- Used Technologies : Nextjs 13, SASS, Bootstrap5 etc.

3.Hoomez Next || Nextjs Real Estate Template || Live Link
- Hoomez Next, a cutting-edge real estate template. With multiple home pages, stunning property showcases, and advanced search features, users find properties with ease. Engage clients through agent profiles, agency insights, and a dynamic blog. Capture leads, display pricing, and build trust
- Used Technologies : Nextjs 13 ,CSS(SASS) , Bootstrap5 etc.
